

Donna Gordon – 5th Grade

I was born and raised in Vermont where I met my husband, Shawn, of twenty years. We are the proud parents of three fantastic teenagers. I graduated from the University of Vermont in 1991 with a degree in business administration. After the birth of my children, my passion for working with children blossomed. In 2007, I graduated from Boise State and was truly blessed to begin my employment here at St. Paul's.
